

## FAIR TRADE COMES TO BETH TIKVAH

The High School Social Action Students have partnered with Dean's Beans to bring you Fair Trade Coffee. Dean Cycon, the founder of Dean's Beans is an active force in grass root development projects in the coffee villages and providing coffee growers with a fair price for their product. Learn more at [www.deansbeans.com](http://www.deansbeans.com). The coffee is 100% Fair Trade, organic and kosher.

Students will be taking coffee orders on November 22, 2009 in the rear entrance of the temple. Pre-orders are available by downloading the order form below.

**Enjoy a great cup of coffee or delicious candy and perform a double mitzvah-empowering poor communities across the globe and providing our Beth Tikvah students with a way to raise funds for their social action class projects.**

For example, the students are going to cook an entire meal for 50 people for the PADS facility at Holy Family Parish.

These socially responsible coffees and candies (with our very own label) make great Hanukah gifts for family, friends, grab bags, co-workers and teachers. The best part is you'll be helping Beth Tikvah's religious school students raise finds to perform many important mitzvahs.

Any questions, contact:
